

Jefferson County Genealogical Society

2022 Grants Program Summary

For 2022, the Jefferson County Genealogical Society expects to award one cycle of **grants to nonprofit organizations conducting programs or projects involving genealogical aspects:**

- A. Genealogical Research**
- B. Genealogical Literature**
- C. Family History Storage**
- D. Cemetery Restoration**
- E. Public Facility Improvements**

The Grants Review Committee shall focus on the following criteria when reviewing grant applications:

- A. Projects must primarily serve Jefferson County residents.
- B. Likelihood of success of the proposal (i.e., will the dollar amounts sought likely accomplish the professed goal of the proposal?)
- C. Partnerships or leveraged – whether the funds will serve to bring other partners or funding to the project?
- D. Operational expenses such as travel, conference costs, ongoing support or expense costs, maintenance costs, etc., shall be given low priority in award decisions, but shall not be necessarily excluded from consideration.

An organization that is doing charitable work without an IRS 501(c)(3) determination may be awarded a grant if a fiscal agent is designated. The fiscal agent must have IRS 501(c)(3) status and agree to monitor and report on the grant.

Grants will be made for one (1) time only for the calendar year, and reports on the project's accomplishments and finances are required during and at the end of the grant period.
